

**Stevensons**  
DOORS Ltd

Quality Doors.  
Reliable Service.

## Repairs

In the event of your door being damaged by a truck, forklift or day-to-day wear and tear, we provide a responsive 24 hour call-out repair service. We have fully equipped vehicles, experienced crews, and endeavor to respond to urgent calls within one hour to secure your premises and assess the problem.

*We are approved repairers for leading brands and stock a range of replacement parts. You can rely on Stevensons Doors for a fast and effective repair service.*

## Servicing

Just like your car and other mechanical equipment, your doors must be regularly maintained to ensure they continue to work smoothly and reliably. Stevensons Doors are the experts in scheduled servicing of industrial and commercial doors and grilles through our comprehensive preventative maintenance programme.

Regular servicing will significantly increase the lifespan of your doors whilst minimising the risk of breakdowns and the costly expense of downtime and repair.

### Why Use a Scheduled Door Servicing Programme?

Scheduled servicing will maintain the overall operating performance and safety of your doors, and will also identify any alignment, tension or worn parts problems before serious and costly breakdowns occur.

### Why Choose Stevensons Doors?

Stevensons Doors have developed a highly effective servicing programme, combining our extensive experience and resources.

*Our maintenance programmes provide all of the expected benefits of scheduled servicing, plus a number of benefits exclusive to Stevensons Doors. Contact us today!*

## Industrial Door Repairs & Maintenance

Our doors team provides a complete on-site or workshop repair service for your doors & grilles.
